Dear Scott Nelson,

I am writing to you in regards to the letter my company received about exporting SLABs in 2012. This email is to inform you that U.S. Trading, Inc. did not export SLABs during the calendar year 2012. We would have responded sooner and by the deadline of March 1, 2013 except this letter was not post marked until 2/27/2013 and we did receive it until 3/2/2013, in which we were obviously unable to meet the deadline to email you on this matter. If you have any questions please contact Christina Petro or Steve Vivo (President) at (330)743-1184.

Thank you,

Christina Petro
